Pray for those family members who have been lost or scattered in death

THE UNIVERSITY OF CHICAGO

Norfolk Island is part of the South Pacific region. The island has a wide variety of natural beauty as well as an interesting human history. In addition, the island has a reputation for returning to nature scattered across the island. There are 15,000 acres of bush and hills around the island. The landscape is mostly sandy, open dunes to coastal cliffs.

There is a catch-and-release policy in the Island, including for salmon that will stay near the shore. The catch-and-release policy is strictly enforced, and the Island has a strong law enforcement presence. A strong law enforcement presence is an important species for the BCF and BCFM. Fishing is permitted on Lake Manitowish, with a valid fishing license.

Be prepared for a routine

Continued

[illegible]

The image is a high-contrast, black-and-white photograph of a textured surface. The texture is grainy and uneven, with many small, dark spots and larger, lighter areas. A bright, horizontal light source or reflection is visible near the bottom center, creating a strong contrast with the surrounding dark areas. The overall appearance is that of a close-up shot of a rough, possibly metallic or stone, surface.

Riding on the New River of West Virginia

[illegible]

The cost of this trip will be \$100 or less. It will include rafting, taxes, fuel, a night's sleeping, a barbecue and "open bar" on Saturday night. We have not advised and they do not intend to inform the author.

Did I mention that this trip is just kid friendly? Contact Mike Banks at mikebanks@earthlink.net between the February and March meetings. The first paid will be guaranteed a spot. ESTIONS: How many people really want to go on such a trip?

Q Now how many people of
color do we have in

FOR INFORMATION ON JOINING THE SOLAR CLUB, CONTACT MARY PRICE (248) 477-7547 or VISIT WWW.SOLAROUTDOORS.ORG
IF YOU WOULD LIKE TO PLAN / LEAD A SOLAR ACTIVITY, CALL PEGGY MEYER AT (248) 380-3050 OR MEYER@VOYAGER.NET

SOLAR HAS A NO-REFUND POLICY.

IF YOU ARE UNABLE TO ATTEND AN ACTIVITY YOU MAY "SELL YOUR SPOT" TO ANOTHER CLUB MEMBER.

**Denotes Non-Solar Activity (Solar will not be held responsible for these activities).

SOLAR is looking for Trip Leaders. - Interested???? Doesn't matter what kind of trip or event that you would like to lead. Come on out to our Membership Meetings and talk to one of the Committee members about leading one.

Day Hiking on the weekends - Also looking for new volunteers as well. If you are interested let the President or Activities director know that you would like to volunteer so we can put your schedule in the calendar and a way to contact you.

SOLAR Elections are Coming- May 6, 2003

Want to get more involved with SOLAR or help direct the future of the club? Well, now is your chance by running for a position on the SOLAR Steering Committee. SOLAR will hold its annual elections at the May meeting for all positions. All current dues paying members are welcome to run for the one of the 14-committee positions. No experience is necessary- just a willingness to make SOLAR the best outdoor club it can be!

In addition to the monthly membership meetings, the Steering Committee holds a club business meeting the third Tuesday of each month in which all committee members are encouraged to attend. SOLAR is a volunteer organization and thus all Steering Committee members give their personal time to participate in a larger way with the club.

The Steering Committee is comprised of the following positions:

President- Oversees monthly meetings, fields member questions/concerns

Vice President- Assists President and steps in for them when necessary

Secretary- Takes minutes at Steering Committee meetings and distributes

Treasurer- Manages organization finances, bank account, reimburses members

Education- Oversees all classes and provides direction to lead instructors

Membership- Manages membership lists, collects dues, oversees liability release forms

Activities- Collects, posts and announces monthly activities

Programs- Organizes all monthly programs held at membership meetings

Public Relations- Promotes club at local events, in media and organizes members for participation in grassroots events (i.e. National Trails Days)

SOLAR Ray Editor- Collects articles, organizes, lays out and prints newsletter

Equipment- Stores, organizes and distributes/collects SOLAR rental equipment

Historian- Collects and stores information about the club

By-Laws- Oversees club by-laws and changes

Web Master- Manages, maintains and hosts club website

If you are interested in running for a position or have any questions, please contact or submit your name and the position to Pam Riehl at pariehl1@netscape.net or 248-709-6773 by April 18. All candidates will have an opportunity to introduce themselves before elections on May 6.

LONDON TRIP

I am organizing a trip to England the last two weeks of June. We will be staying three days in London then spending some time going to Stonehenge, Avebury Circle, Bath, and Bristol. Planning a walk in the Cotswolds or the Brecon Beacons. Probably a hike called the three castle walk. We will be staying in youth hostels for the first part of the trip and the rest will be in a cottage that I can rent from the London Mountaineering Club. This is not a backpacking trip just day packs required.

There is plenty to do around the cottage, mountain walking and rock climbing right outside the door. There are several castles in the neighborhood and the North Atlantic beach is not far away. It

could be the Irish sea come to think about it.

There is a lot of hiking around and bikes can be rented. If anyone is interested there are climbing classes up to what ever level you aspire to, also white water and sea kayaking classes guaranteed to get you rolling. Equipment for all can be rented.

I took peoples names and email at the meeting and sent out invitations to join the Fronwydar web site as of now only one person has replied. This is how I am going to put this trip together so if you plan on going you really should reply. I have already sent out some messages. This trip will be limited to 12 people because of the cottage sleeping capacity. I estimate the cost at \$1550 including air fare but not food.

At a glance it is 2 days/2 nights in Bryce Canyon

For a backpacker, a good trip should be a "backcountry" (booked campgrounds, no motor, inconvenient light connection, no paved roads and so on) Zion National Park offers a trip to the rugged desert canyonlands. I would not like to go to the desert with my family, however, but I would like to go. It is backpacking trip. Hiking in the desert is not the same as walking from parking lot to shopping mall. We will stay strictly on developed campgrounds, while such a trip is not a backpacking trip. The trip is not for anyone who is not sure of nature over boring convenience of civilization.

The trip is a backpacking trip. The trip would be a backpacking trip. The cost of the trip will be \$100. The trip includes: fuel, car rental and backcountry permits. The food and gear arrangements should be made. The trip will be done by a group of people who are not sure of nature over boring convenience of civilization.
