# HIKING (or walking) DOES A BODY GOOD!

Adding more hiking (or walking) to your daily routine could help you lose up to a pound of fat a week. At this rate, you could be at least 35 lbs lighter a year from now - without "dieting."

Activity	Distance/Time	Days per week	<u>Calories</u> b	urned <u>per week</u>
Walking to an activity	1 mile round trip	5	375

#### North Manitov Island Backpack Memorial Weekend

North Manitou Island is part of Sleeping Bear Sand Dunes National Lakeshore. The island has a wide variety of natural beauty as well as an interesting human history, as evidenced by the interesting place names and ruins returning to nature, scattered across the island. There are 15,000 acres to explore and hike around. The topography varies considerably from low, sandy, open dunes to rugged bluffs.

There is a variety of wildlife on the island, that long deer, raccoons that will steel your food, given the land will steel your food, given the land will and the piping plover, a shore-bird which is an the example of species list, BUT NO BEARSI!! Fishing the manufacture better Light manifour, with a valid fishing licensee.

Be prepared to the property packing experience, as you will need to the property your drinking water, and bring a cook statement is some not permitted in the wilderness area. Oh and by the parenter are no outhouses.

#### A reminder from your Membership Chairman

As of April the Ray will only be mailed out to 2003 members. March will be the last Ray unless you pay your 2003 dues (except Lifetime members who signed the application form in 2002-03). Forms are available in this edition of the Ray, the SOLAR website (www.solaroutdoors.org), or of the membership meeting. If you are unable to make the membership moeting just mail the application to me at the address on the bottom of the application along with your check or money order. Trip leaders and head instructors will be verifying your membership status for all SOLAR classes and SOLAR sponsored activities.

Mary Price, Membership Chairman

Cost of the trip is \$25 for adults and \$15 for kids 12 and under, which will cover the ferry ride over to the island. The park service charges \$5 per night per site for camping as well as a \$7 vehicle fee. You will be responsible for this cost, as it is NOT included in the \$25 for the ferry. The park ranger will collect this money from you on the Island. You may choose to take the ferry over either Friday or Saturday at 10:00 AM SHARP, returning Monday at 11:10 AM SHARP!!! Ferry times are subject to change, please double check the times, as the ferry will leave without you.

Since this Island is very popular, I will be making the ferry reservations in April, thus I need everyone to pay by the April meeting. After this time, if you still want to go, you will need to make your own ferry reservations.

At the May meeting I will have a list of people who are going on both the Friday and Saturday ferry. Please take a copy and try to carpool as much as possible. Also, since there will be a lot of people going on this trip, we need to practice minimal impact camping, so try to set up small (less than 8 people) hiking groups. Remember that your group will be responsible for their own food and gear(stoves, water filters, tents, first aid, bear bag etc.) PLEASE COMEPREPARED!!

If you need additional information, please contact Leslie Cordeva at <u>lesliegene@gal.com</u> or (248) 547-5626.

Please don't delay, as the ferry will fill up.

# Rafting on the New River of West Virginia: 'ICE BREAKER'

This is a short article to let everyone know that I will. he leading a white water. rafting trip during the weekend of April 4", 5" and 6°. This weekend is entitled 'ICE BREAKER' by the rafting outfitters for good reason. The water is cold, it maybe snowing and it is the official beginning. of the 2003 rafting season. QUESTION: Why would any sane person want to raft this early in the year? ANSWER: No reason. because of course no sane person\* would want to go on this rafting trip. This

message is not for the same rafter\*. This trip is meant for anyone who wants to raft on this planet's second oldest river during flood stage with people whose frozen smiles hide the inner warmth of adrenatine that has more mass than any grey matter you may find inside them. This trip is not meant for anyone that puts personal comfort ahead of team effort. This trip is not meant for anyone that doesn't embrace the cold. This trip is not meant for anyone doesn't respect the ways of

a wild river. This trip is not meant for anyone that doesn't want the ride of their life!

The cost of this trip will be \$100 or less. It will include rafting, taxes, tips, 2 nights camping, a barbeque and "open keg" on Saturday night. Wet suits are advised and may be rented from the outfitter."

Did I mention that this trip is not kid-friendly? Contact Mike Banks at stywolfe52@yahoo.com or see me at the February and March meetings.
The first paid will be

guaranteed a spot QUESTION: How many people really want to go on such a trip? ANSWER: How many

people of questionable sanity do we have in SOLAR?

# **SOLAR Backpacking Course - Spring 2003**

You joined SOLAR to begin a lifetime of wilderness adventure.

Right? However, you have to admit you don't know everything there is to know about wilderness travel. Who does? Where do you start on the path to enlightenment? One enswer is the SOLAR Beginning Backpacking course.

Beginning Backpacking is designed for you to learn how to travel through the woods with the confidence that you have the basic knowledge and skills to do it safely. Will it teach you everything you will over need to know? Hack" no! It will however, give you the foundation to build ever-increasing skills and knowledge if you should so choose. It may also teach you that life in the woods is not for you, but at least you'll be richer for the experience of having tried it\*\*.

Who is Baginning Backpacking for?

- Anyone that hopes to take many of the other courses in SOLAR e.g. Wilderness Conceing, Enjoying Michigan Winters, Advanced Backpacking & Leadership, etcetern.
- Anyone who wasts to increase his or her 'comfort zone' in the authors.
- Anyone who wants to take a short cut to meeting many other SOLAR members, both new and old.
- 4. Anyone who wants to learn new techniques, gear and philosophy\*\*\* for traveling through the wilderness.
- Anyone who needs one more excuse to spend more time talking about backpacking and more weekends doing it\*\*\*\*.

What can you get out of this course?

- Equipment needs, selection and use.
- Basic land navigation skills.
- Trip planning skills.
- Environmental seasitivity.
- Snering sensitivity.
- Critter avoidance.
- Good times.

#### LONDON TRIP

I am organizing a trip to England the last two weeks of June. We will be staying three days in London then spending some time going to Stonehenge, Avebury Circle, Bath, and Dristol.

Planning a walk in the Cotswolds or the Brecon Becons. Probably a hike called the three castle walk. We will be staying in youth hostels for the first part of the trip and the rest will be in a cottage that I can rent from the London Mountaineering Club.

This is not a back packing trip just day packs required. There is plenty to do around the cottage, mountain walking and tack elimbing right outside the door. There are several castles in the reighborhood and the North Atlantic beach is not far away. It could be the Irish sea come to think about it.

There is a tot of biking around and bikes can be rented. If anyone is interested there are climbing classes up to what ever level you aspire to, also white water and sea kayaking classes guaranteed to get you rolling. Equipment for all can be conted.

I took peoples names and email at the meeting and sent out invitations to join the Frankydar website as of now only one person has replied. This is how I am going to put this trip together so if you plan on going you really should reply. I have already sent cut some messages. This trip will be limited to 12 people because of the cottage sleeping capacity. I estimate the cost at \$1550 including air fare but not food.
