Solar Outdoors Liability Waiver

I Understand that **Solar Outdoors** provides a forum for the exchange of ideas, information, skills, and equipment as well as the planning and conducting of outdoor activities and workshops by and with people who share similar interests. **Solar Outdoors** does not directly provide activities or workshops, and the individuals who lead and participate in such events as members of **Solar Outdoors** are not professional guides or outfitters. **Solar Outdoors** is a volunteer organization made up of people who enjoy outdoor recreation and are interested in sharing this enjoyment with others.

I understand that there are risks inherent to participation in outdoor activities. These risks include, but are not limited to: falls, burns, dehydration, exposure to the elements, drowning, insect and animal bites, human errors, equipment failure, and falling debris that may result in serious injury or even death. I understand these risks and agree to assume them.

I hereby release from any and all liability, for myself and my heirs, any and all members, participants, instructors, or organizers of events offered through **Solar Outdoors**; **Solar Outdoors** Steering Committee members; and the **Solar Outdoors** organization itself for any harm or injury that I suffer as a result of my participation.

This release is to include any risk or harm listed above, as well as any and all risks, known or unknown, which I may encounter through my participation in the activities in which I may choose to engage. This would include risks associated with the transportation to and from such activities, except as allowed by Michigan Law for Negligence of a driver of an individual automobile (not owned by **Solar Outdoors**) who may be at fault in a personal injury accident. I understand that **Solar Outdoors** does not provide insurance for such risks and any automobile insurance is solely the responsibility of the owner of the automobile.
